

Frank Richter:
Introduction to HPSG

Seminar: Tuesday 16ct–18 at Brechtbau, Seminarraum 0.35 and
 Thursday 16ct–18 at Brechtbau, Seminarraum 0.35

Seminar starts: Tuesday, 23rd October 2007

Office Hours: Tuesday 10.00 – 11.00

| Office No. at Sfs | Phone # | Email |
|-------------------|----------|-------------------------|
| 2.17 | 29-78489 | fr@sfs.uni-tuebingen.de |

- Webpage: www.sfs.uni-tuebingen.de/~fr/teaching/ws07-08/hpsg/
- Final exam: in the last week of classes (for B.A. (ISCL), 5th semester)

Participation and Grading Policy

Examination regulations of the Neuphilologische Fakultät require that students attend courses regularly. If students do not attend a course meeting on more than two occasions in one semester without proper excuse (e.g. doctor's note), the course instructor has to give them a failing grade.

Please do not put me in a position to have to fail you for this reason. If you cannot come to class, please email me ahead of time, if at all possible.

You are expected to come on time. In some of the class meetings students will give oral presentations (more on this below). It is a matter of common courtesy to not make their work harder by disturbing them by being late. Being late without good reasons will count as not having attended a course meeting.

- B.A. (ISCL), 9 CP:

Your grade for this course will be based on the following items:

1. An in-class presentation (*Referat*): Your presentation should be based on either a printed hand-out or a power point presentation. The presentation will count for a total of 40% of your grade: 20% for the quality of the hand-out, and 20% for the quality of the oral presentation.
2. A final exam in the form of either a 3-hour long, written exam or a 30-minute oral exam. You have to choose in advance whether you want to sit the written exam or take the oral exam. This choice has to be submitted in writing by December 18th, 2007.

- M.A. (ISCL), 15 CP:

Your grade for this course will be based on the following items:

1. An in-class presentation (*Referat*). Grading policy same as for the B.A. students in ISCL.

2. A written term paper, or a summary (including a discussion which puts your presentation into the context of the rest of the course topic) of your in-class presentation. The grade of the paper / summary will count 60% of your final grade.
- M.A. (AS), 8 + 8 CP:
Your grade for this course will be based on the following items:
 1. An in-class presentation (*Referat*). Grading policy same as for the B.A. students in ISCL.
 2. A written term paper. The grade of the paper will count 60% of your final grade.

Reading Assignments

You are expected to read the assigned reading in advance of the class meeting for which it was assigned. I will presuppose that you have read the material when we discuss it in class.

Oral Presentations (Referate)

Gaining practical experience with oral presentations is an important objective of this course.

Participants will be required to choose the topic of their presentation by the class meeting on Thursday, November 15th. For your presentations the following two rules are important:

- You should have an appointment with me no later than *one week before* your presentation in order to discuss open questions and the structure and content of your presentation.
- At the beginning of the last class meeting before your presentation you will have five minutes to tell the other participants about how to prepare for your presentation. You are expected to give a very brief overview of the topic of your talk and to inform the participants what to focus on when they read the paper on which your presentation is based.
